

## Gasoline Data

Datasets containing information about gasoline sourced from the U.S. Energy Information Administration.

### Weekly Gasoline Prices

Weekly reported gasoline prices in the United States from 2000-2023 across fuel types.

514,741 rows and 7 columns. Size: 86.3 MB. Source: [U.S. Energy Information Administration](#)

Field	Type	Description
Date	DATE	Date of reporting
Year	NUMERIC	Year value for the date of reporting
Type	TEXT	The type of gasoline as reported
Type_Clean	TEXT	The type of gasoline with the unit stripped out
Unit	TEXT	The unit of gasoline reported on
Geography	TEXT	The state or region being reported on
Price	NUMERIC	Price reported for that week

### Weekly Supply Estimates

Production, Utilization, Imports, Exports, and Supply of Oil and Gasoline in the United States

*Definitions for relevant key terms can be found [here](#).*

*Visit the [source](#) for more context around totals and subtotals.*

1,253 rows & 25 columns. Size: 167 KB. Source: [Petroleum & Other Liquids: Weekly Supply Estimates](#)

Field	Type	Description
Date	DATE	The date on which the estimates were reported

<b>Weekly U.S. Field Production of Crude Oil (Thousand Barrels per Day)</b>	NUMERIC	The volume of crude oil produced from oil reservoirs during given periods of time.
<b>Weekly U.S. Refiner Net Input of Crude Oil (Thousand Barrels per Day)</b>	NUMERIC	Total crude oil (domestic plus foreign) input to crude oil distillation units and other refinery processing units (cokers, etc.).
<b>Weekly U.S. Gross Inputs into Refineries (Thousand Barrels per Day)</b>	NUMERIC	The raw materials and intermediate materials processed at refineries to produce finished petroleum products. They include crude oil, products of natural gas processing plants, unfinished oils, other hydrocarbons and oxygenates, motor gasoline and aviation gasoline blending components and finished petroleum products.
<b>Weekly U. S. Operable Crude Oil Distillation Capacity (Thousand Barrels per Calendar Day)</b>	NUMERIC	The amount of capacity that, at the beginning of the period, is in operation; not in operation and not under active repair, but capable of being placed in operation within 30 days; or not in operation but under active repair that can be completed within 90 days. Operable capacity is the sum of the operating and idle capacity and is measured in barrels per calendar day or barrels per stream day.
<b>Weekly U.S. Percent Utilization of Refinery Operable Capacity (Percent)</b>	NUMERIC	Represents the utilization of all crude oil distillation units. The rate is calculated by dividing gross inputs to these units by the operating/operable refining capacity of the unit.
<b>Weekly U.S. Refiner and Blender Net Input of Gasoline Blending Components (Thousand Barrels per Day)</b>	NUMERIC	Total inputs of Gasoline Blending Components, which are defined as: Naphthas (e.g., straight-run gasoline, alkylate, reformate, benzene, toluene, xylene) used for blending or compounding into finished motor gasoline. These components include reformulated gasoline blendstock for oxygenate blending (RBOB) but exclude oxygenates (alcohols, ethers), butane, and pentanes plus. Note: Oxygenates are reported as individual components and are included in the total for other hydrocarbons, hydrogens, and oxygenates.
<b>Weekly U.S. Refiner and Blender Adjusted Net Production of Finished Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Adjustment to correct for the imbalance created by the blending of fuel ethanol and motor gasoline blending components.
<b>Weekly U.S. Refiner and Blender Net Production of Finished Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Total production of finished motor gasoline, which is defined as: a complex mixture of relatively volatile hydrocarbons with or without small

		quantities of additives, blended to form a fuel suitable for use in spark-ignition engines. Motor gasoline, as defined in ASTM Specification D 4814 or Federal Specification VV-G-1690C, is characterized as having a boiling range of 122 to 158 degrees Fahrenheit at the 10 percent recovery point to 365 to 374 degrees Fahrenheit at the 90 percent recovery point. Motor Gasoline includes conventional gasoline; all types of oxygenated gasoline, including gasohol; and reformulated gasoline, but excludes aviation gasoline. Note: Volumetric data on blending components, such as oxygenates, are not counted in data on finished motor gasoline until the blending components are blended into the gasoline.
<b>Weekly U.S. Refiner and Blender Net Production of Reformulated Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Total production of reformulated motor gasoline which is defined as: finished gasoline formulated for use in motor vehicles, the composition and properties of which meet the requirements of the reformulated gasoline regulations promulgated by the U.S. Environmental Protection Agency under Section 211(k) of the Clean Air Act. It includes gasoline produced to meet or exceed emissions performance and benzene content standards of federal-program reformulated gasoline even though the gasoline may not meet all of the composition requirements (e.g. oxygen content) of federal-program reformulated gasoline. Reformulated gasoline excludes Reformulated Blendstock for Oxygenate Blending (RBOB) and Gasoline Treated as Blendstock (GTAB). Historical reformulated gasoline statistics included Oxygenated Fuels Program Reformulated Gasoline (OPRG).
<b>Weekly U.S. Refiner and Blender Net Production of Conventional Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Total production of conventional motor gasoline which is defined as: finished motor gasoline not included in the oxygenated or reformulated gasoline categories. Excludes reformulated gasoline blendstock for oxygenate blending (RBOB) as well as other blendstock.
<b>Weekly U.S. Supply Adjustment of Finished Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Adjustments for fuel ethanol and motor gasoline blending components
<b>Weekly U.S. Ending Stocks of Total Gasoline (Thousand Barrels)</b>	NUMERIC	Total inventories of gasoline stored for future use. Stocks are reported as of the last day of the period (e.g., week or month). <i>Comprised of Finished Motor Gasoline, and Gasoline Blending</i>

		<i>Components</i>
<b>Weekly U.S. Ending Stocks of Finished Motor Gasoline (Thousand Barrels)</b>	NUMERIC	Total week-end inventories of finished motor gasoline stored for future use. <i>Comprised of Reformulated Motor Gasoline and Conventional Motor Gasoline</i>
<b>Weekly U.S. Ending Stocks of Reformulated Motor Gasoline (Thousand Barrels)</b>	NUMERIC	Total week-end inventories of reformulated motor gasoline stored for future use
<b>Weekly U.S. Ending Stocks of Conventional Motor Gasoline (Thousand Barrels)</b>	NUMERIC	Total week-end inventories of conventional motor gasoline stored for future use
<b>Weekly U.S. Ending Stocks of Gasoline Blending Components (Thousand Barrels)</b>	NUMERIC	Total week-end inventories of gasoline blending components stored for future use
<b>Weekly U.S. Imports of Crude Oil (Thousand Barrels per Day)</b>	NUMERIC	Receipts of crude oil and petroleum products into the 50 States and the District of Columbia from foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.
<b>Weekly U.S. Imports of Total Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Receipts of total gasoline into the 50 States and the District of Columbia from foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.
<b>Weekly U.S. Imports of Finished Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Receipts of finished motor gasoline into the 50 States and the District of Columbia from foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.
<b>Weekly U.S. Imports of Reformulated Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Receipts of reformulated motor gasoline into the 50 States and the District of Columbia from foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.
<b>Weekly U.S. Imports of Conventional Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Receipts of conventional motor gasoline into the 50 States and the District of Columbia from foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.
<b>Weekly U.S. Imports of Gasoline Blending Components (Thousand Barrels per Day)</b>	NUMERIC	Receipts of gasoline blending components into the 50 States and the District of Columbia from foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.

<b>Weekly U.S. Exports of Crude Oil (Thousand Barrels per Day)</b>	NUMERIC	Shipments of crude oil and petroleum products from the 50 States and the District of Columbia to foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.
<b>Weekly U.S. Exports of Total Motor Gasoline (Thousand Barrels per Day)</b>	NUMERIC	Shipments of all motor gasoline from the 50 States and the District of Columbia to foreign countries, Puerto Rico, the Virgin Islands, and other U.S. possessions and territories.

## Monthly Gasoline Makeup Percentages

Monthly percentage attribution of refining, distribution and marketing, taxes, and crude oil.

549 rows & 9 columns. Size: 31 KB. Source: [Methodology for Gasoline and Diesel Fuel Pump Components](#)

Field	Type	Description
<b>Date_String</b>	NUMERIC	Month and year that percentages are reported for, represented as a string
<b>Date</b>	DATE	Month and year that percentages are reported for, represented as a date (generated column for working with dates, actual day value not significant)
<b>Retail_Price</b>	NUMERIC	Retail price for the specified gas for the reported period
<b>Refining</b>	NUMERIC	Percentage of the retail price coming from refining, which is calculated as the difference between the monthly average of the spot price of gasoline or diesel fuel (used as a proxy for the value of gasoline or diesel fuel as it exits the refinery) and the average price of crude oil purchased by refiners (the crude oil component)
<b>Distribution_and_Marketing</b>	NUMERIC	Percentage of the retail price coming from distribution and marketing costs, which is calculated as the difference between the average retail price of gasoline or diesel fuel as computed from EIA's weekly survey and the sum of the other 3 components
<b>Taxes</b>	NUMERIC	Percentage of the retail price coming from taxes, which is calculated as a monthly national average of federal and state taxes applied to gasoline or

		diesel fuel
Crude_Oil	NUMERIC	Percentage of the retail price coming from crude oil, which is calculated as the monthly average of the composite refiner acquisition cost, which is the average price of crude oil purchased by refiners.
Type	TEXT	High-level type of gasoline
Year	NUMERIC	Year value of the date string
Month	NUMERIC	Month value of the date string

## Stock Market Data

A collection of daily high/low/open/close prices for stocks in the energy sector and four exchange-traded funds (ETF) that track major indices (S&P 500, Nasdaq, Dow Jones Industrial Average), some general information about these companies, and daily prices for energy commodities.

### Stocks & ETFs

Prices for energy stocks and index-tracking ETFs on the stock market from initial listing through current day.

*(Prices may not be available on days the market was closed)*

144,559K rows & 7 columns. Size: 7.1 MB

Field	Type	Description
Date-Time	DATE	Date on which the price was recorded
Open	NUMERIC	The price of the stock at time of market open
High	NUMERIC	The highest price of the stock for that day
Low	NUMERIC	The lowest price of the stock for that

		day
<b>Close</b>	NUMERIC	The price of the stock at market close
<b>Volume</b>	NUMERIC	The number of shares traded for that stock on that day
<b>Ticker Symbol</b>	TEXT	Stock ticker symbol

## Commodities

Prices for energy commodities traded on the stock market from initial listing through current day.  
*(Prices may not be available on days the market was closed)*

26,559 rows & 5 columns. Size: 1.9 MB

Field	Type	Description
<b>Date_Time</b>	DATE	Date on which the price was recorded
<b>Value</b>	NUMERIC	Price of commodity for that date
<b>Commodity</b>	TEXT	Full name of the commodity
<b>Commodity_Simple</b>	TEXT	Shortened name
<b>Unit</b>	TEXT	Unit in which the commodity is recorded

## Descriptions

Basic information about the energy stocks and ETFs included in the data.

29 rows & 6 columns. Size: 14 KB

Field	Type	Description
<b>Symbol</b>	TEXT	Stock ticker symbol
<b>AssetType</b>	TEXT	Whether the stock is a common stock or an exchange-traded fund (single security that represents a basket or collection of multiple stocks)

<b>Name</b>	TEXT	Company or ETF name
<b>Description</b>	TEXT	Basic description of the company or ETF
<b>Sector</b>	TEXT	Sector in which the company or ETF operates
<b>Industry</b>	TEXT	Industry in which the company or ETF operates

## Transportation Data

The latest monthly and quarterly data from across the government and the transportation industry from January 2000 to December 2023

289 rows & 137 columns. Size: 309 KB. Source: [U.S. Dept of Transportation - Bureau of Transportation Statistics](#)

Index	Type	Description
<b>Date</b>	DATE	Date of the reporting period
<b>Month</b>	NUMERIC	Month value of the reporting period date
<b>Year</b>	NUMERIC	Year value of the reporting period date
<b>Air Safety - General Aviation Fatalities</b>	NUMERIC	General aviation fatalities include private aviation operations and excludes Federal Aviation Regulation (FAR) Part 121 (Air Carriers), 129 (Foreign), 135 (On-Demand), and Non-U.S./Commercial operations. The National Transportation Safety Board releases aviation fatality data in the Aviation Accident Database.
<b>Highway Fatalities Per 100 Million Vehicle Miles Traveled</b>	NUMERIC	Number of highway fatalities per 100 million vehicle miles traveled per FARS
<b>Highway Fatalities</b>	NUMERIC	The National Highway Traffic Safety Administration releases data on highway fatalities in the Fatality Analysis Reporting System (FARS). Data for the most recent year are preliminary estimates.
<b>U.S. Airline Traffic - Total - Seasonally Adjusted</b>	NUMERIC	The Bureau of Transportation Statistics releases seasonally adjusted air traffic data based on monthly reports from commercial U.S. air carriers.
<b>U.S. Airline Traffic - International - Seasonally Adjusted</b>	NUMERIC	Total US enplanements to international destinations, adjusted for seasonality
<b>U.S. Airline Traffic - Domestic - Seasonally Adjusted</b>	NUMERIC	Total US enplanements to domestic destinations, adjusted for seasonality
<b>Transit Ridership - Other Transit Modes - Adjusted</b>	NUMERIC	Other transit modes include demand response, demand response-taxi, vanpool, and ferryboat. The Federal Highway Administration estimates monthly transit ridership, released as part of the National

		Transit Database. Ridership estimates have been adjusted to account for changes in data collection over time. Starting in January 2012, data for Small System Waiver agencies that do not have a mode are reported under motor bus. Data reported under hybrid rail are reported under their classifications prior to January 2012.
<b>Transit Ridership - Fixed Route Bus - Adjusted</b>	NUMERIC	Fixed route bus includes commuter bus, motor bus, bus rapid transit, and trolleybus. The Federal Highway Administration estimates monthly transit ridership, released as part of the National Transit Database. Ridership estimates have been adjusted to account for changes in data collection over time. Starting in January 2012, data for Small System Waiver agencies that do not have a mode are reported under motor bus. Data reported under hybrid rail are reported under their classifications prior to January 2012.
<b>Transit Ridership - Urban Rail - Adjusted</b>	NUMERIC	Urban rail includes heavy rail, commuter rail, light rail, streetcar rail, and hybrid rail. The Federal Highway Administration estimates monthly transit ridership, released as part of the National Transit Database. Ridership estimates have been adjusted to account for changes in data collection over time. Starting in January 2012, data for Small System Waiver agencies that do not have a mode are reported under motor bus. Data reported under hybrid rail are reported under their classifications prior to January 2012.
<b>Freight Rail Intermodal Units</b>	NUMERIC	Rail intermodal traffic is comprised of shipping containers and truck trailers moved on rail cars, which transport a large range of goods. The Association of American Railroads releases data on carloads and intermodal units originated by U.S. railroads on a weekly and monthly basis.
<b>Freight Rail Carloads</b>	NUMERIC	Rail carload traffic is comprised of mostly bulk commodities, such as coal and agricultural products. The Association of American Railroads releases data on carloads and intermodal units originated by U.S. railroads on a weekly and monthly basis.
<b>Highway Vehicle Miles Traveled - All Systems</b>	NUMERIC	The Federal Highway Administration estimates vehicle miles traveled on all roads and streets in each month.
<b>Highway Vehicle Miles Traveled - Total Rural</b>	NUMERIC	The Federal Highway Administration estimates vehicle miles traveled on all roads and streets in each month.
<b>Highway Vehicle Miles Traveled - Other Rural</b>	NUMERIC	The Federal Highway Administration estimates vehicle miles traveled on all roads and streets in each month.
<b>Highway Vehicle Miles Traveled - Rural Other Arterial</b>	NUMERIC	The Federal Highway Administration estimates vehicle miles traveled on all roads and streets in each month.
<b>Highway Vehicle Miles Traveled - Rural Interstate</b>	NUMERIC	The Federal Highway Administration estimates vehicle miles traveled on all

		roads and streets in each month.
<b>State and Local Government Construction Spending - Breakwater/Jetty</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Dam/Levee</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Conservation and Development</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Pump Station</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Line</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Water Treatment Plant</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Water Supply</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Line/Drain</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Waste Water Treatment Plant</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Waste Water</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Line/Pump Station</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Sewage Treatment Plant</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government</b>	NUMERIC	The U.S. Census Bureau provides monthly

<b>Construction Spending - Sewage / Dry Waste</b>		estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Sewage and Waste Disposal</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Rest Facility</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Bridge</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Lighting</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Pavement</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Highway and Street</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Power</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Dock / Marina</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Water</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Mass Transit</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Land Passenger Terminal</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Land</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States

		as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Runway</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Air Passenger Terminal</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Air</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Transportation</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Park / Camp</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Neighborhood Center</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Social Center</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Convention Center</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Performance / Meeting Center</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Sports</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Amusement and Recreation</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Fire &amp; Rescue</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).

<b>State and Local Government Construction Spending - Other Public Safety</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Police &amp; Sheriff</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Detention</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Correctional</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Public Safety</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Library / Archive</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Other Educational</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Infrastructure</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Sports &amp; Recreation</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Dormitory</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Instructional</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Higher Education</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - High School</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of

		construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Middle School / Junior High</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Elementary Schools</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Primary/Secondary Schools</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Educational</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Special Care</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Medical Building</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Hospital</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Health Care</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Parking</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Automotive</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Commercial</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Office</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in

		Place Survey (VIP).
<b>State and Local Government Construction Spending - Non Residential</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Multi Family</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Residential</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>State and Local Government Construction Spending - Total</b>	NUMERIC	The U.S. Census Bureau provides monthly estimates of the total dollar value of construction work done in the United States as part of the Value of Construction Put in Place Survey (VIP).
<b>National Highway Construction Cost Index (NHCCI)</b>	NUMERIC	The Federal Highway Administration's National Highway Construction Cost Index (NHCCI) is a quarterly price index intended to measure the average changes in the prices of highway construction costs over time and to convert current-dollar highway construction expenditures to real dollar expenditures.
<b>Highway Fuel Price - On-highway Diesel</b>	NUMERIC	Regular gasoline price is the average retail price for regular grade formulations. The U.S. Energy Information Administration releases weekly gasoline and diesel price estimates.
<b>Highway Fuel Price - Regular Gasoline</b>	NUMERIC	Regular gasoline price is the average retail price for regular grade formulations. The U.S. Energy Information Administration releases weekly gasoline and diesel price estimates.
<b>Transportation Employment - Pipeline Transportation</b>	NUMERIC	Employed persons include people aged 16 years and older in the civilian noninstitutional population who did any work at all as paid employees; worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family; and all those who were not working but who had jobs or businesses from which they were temporarily absent. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey.
<b>Transportation Employment - Water Transportation</b>	NUMERIC	Employed persons include people aged 16 years and older in the civilian noninstitutional population who did any work at all as paid employees; worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family; and all those who were not working but who had jobs or businesses from which they were temporarily absent. The Bureau of Labor

		Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey.
<b>Transportation Employment - Rail Transportation</b>	NUMERIC	Employed persons include people aged 16 years and older in the civilian noninstitutional population who did any work at all as paid employees; worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family; and all those who were not working but who had jobs or businesses from which they were temporarily absent. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey.
<b>Transportation Employment - Air Transportation</b>	NUMERIC	Employed persons include people aged 16 years and older in the civilian noninstitutional population who did any work at all as paid employees; worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family; and all those who were not working but who had jobs or businesses from which they were temporarily absent. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey.
<b>Transportation Employment - Transit and ground passenger transportation</b>	NUMERIC	Employed persons include people aged 16 years and older in the civilian noninstitutional population who did any work at all as paid employees; worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family; and all those who were not working but who had jobs or businesses from which they were temporarily absent. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey.
<b>Transportation Employment - Truck Transportation</b>	NUMERIC	Employed persons include people aged 16 years and older in the civilian noninstitutional population who did any work at all as paid employees; worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family; and all those who were not working but who had jobs or businesses from which they were temporarily absent. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey.
<b>Personal Spending on Transportation - Transportation Services - Seasonally Adjusted</b>	NUMERIC	Personal spending on transportation services includes spending on motor vehicle services, such as maintenance and repair, and public transportation, including rail transportation, intercity buses, taxicabs and ride sharing services, intracity mass transit, air transportation, and water

		transportation. The Bureau of Economic Analysis estimates personal consumption expenditures, the primary measure of consumer spending on goods and services in the U.S. economy, for each quarter and releases new statistics every month. Quarterly PCE data are seasonally adjusted at annual rates to remove the effects of normal seasonal variation.
<b>Personal Spending on Transportation - Gasoline and Other Energy Goods - Seasonally Adjusted</b>	NUMERIC	Personal spending on gasoline and other energy goods includes spending on motor vehicle fuels, lubricants, and fluids; fuel oil; and other fuels. The Bureau of Economic Analysis estimates personal consumption expenditures, the primary measure of consumer spending on goods and services in the U.S. economy, for each quarter and releases new statistics every month. Quarterly PCE data are seasonally adjusted at annual rates to remove the effects of normal seasonal variation.
<b>Personal Spending on Transportation - Motor Vehicles and Parts - Seasonally Adjusted</b>	NUMERIC	Personal spending on motor vehicles and parts includes spending on new motor vehicles, used vehicle purchases, and vehicle parts and accessories. The Bureau of Economic Analysis estimates personal consumption expenditures, the primary measure of consumer spending on goods and services in the U.S. economy, for each quarter and releases new statistics every month. Quarterly PCE data are seasonally adjusted at annual rates to remove the effects of normal seasonal variation.
<b>Unemployment Rate - Seasonally Adjusted</b>	NUMERIC	Unemployment rate is the number of unemployed persons as a percent of the labor force. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey. Employment data are seasonally adjusted to remove the effects of normal seasonal variation.
<b>Labor Force Participation Rate - Seasonally Adjusted</b>	NUMERIC	Labor force participation rate is the percent of persons classified as employed or unemployed as a percent of the civilian noninstitutional population. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey. Employment data are seasonally adjusted to remove the effects of normal seasonal variation.
<b>Unemployed - Seasonally Adjusted</b>	NUMERIC	Unemployed persons are people aged 16 years or older who had no employment, are available for work, except for temporary illness, and make no specific efforts to find employment in the past four weeks. The Bureau of Labor Statistics produces industry estimates of nonfarm payroll employment as part of the Current Population Survey. Employment data are seasonally adjusted to remove the effects of normal seasonal variation.
<b>Real Gross Domestic Product - Seasonally Adjusted</b>	NUMERIC	Gross domestic product is the market value of goods and services produced by labor and property in the United States. The U.S. Bureau of Economic Analysis estimates

		GDP for each quarter and releases new statistics every month. Quarterly GDP data are seasonally adjusted at annual rates.
<b>Passenger Rail Passengers</b>	NUMERIC	Passengers transported on Amtrak and Alaska Railroad operations. The Federal Railroad Administration collects accident/incident and operational data from railroads. Tourist and commuter railroad are excluded.
<b>Passenger Rail Passenger Miles</b>	NUMERIC	The movement of a passenger for a distance of one mile. The Federal Railroad Administration collects accident/incident and operational data from railroads. Tourist and commuter railroad are excluded.
<b>Passenger Rail Total Train Miles</b>	NUMERIC	Total train miles traveled as reported by Amtrak and Alaska Railroad Operations. The Federal Railroad Administration collects accident/incident and operational data from railroads. Tourist and commuter railroad are excluded.
<b>Passenger Rail Employee Hours Worked</b>	NUMERIC	Employee hours worked as reported by Amtrak and Alaska Railroad Operations. The Federal Railroad Administration collects accident/incident and operational data from railroads. Tourist and commuter railroad are excluded.
<b>Passenger Rail Yard Switching Miles</b>	NUMERIC	Yard switching miles traveled as reported by Amtrak and Alaska Railroad Operations. The Federal Railroad Administration collects accident/incident and operational data from railroads. Tourist and commuter railroad are excluded.
<b>Passenger Rail Total Reports</b>	NUMERIC	Total reports as reported by Amtrak and Alaska Railroad Operations. The Federal Railroad Administration collects accident/incident and operational data from railroads. Tourist and commuter railroad are excluded.
<b>U.S. Waterway Tonnage</b>	NUMERIC	An estimate of tonnage transported on navigational channels of the United States. Estimates for the most recent month are based on lock performance management data and will be superseded by actual data as it becomes available. The Waterborne Commerce Statistics Center estimates tonnage based on tonnage reported through the lock performance monitoring system.
<b>Amtrak On-time Performance</b>	NUMERIC	Customer on-time performance is the percentage of customers who arrive at their detrain stations on time. An Acela train is late when it arrives at a station more than 10 minutes after its scheduled time; a Northeast Regional or State-Supported train is late when it arrives more than 15 minutes after its scheduled time. For years before FY 2018, on-time performance is the percentage of total train arrivals on-time at each station, with every arrival weighted equally. Amtrak reports system performance in monthly Host Railroad Reports.
<b>Rail Fatalities</b>	NUMERIC	Total reportable fatalities. Fatalities may be reclassified upon subsequent reporting.

		The Federal Railroad Administration collects accident/incident and operational data from railroads.
<b>Rail Fatalities at Highway-Rail Crossings</b>	NUMERIC	Rail fatalities at highway-rail grade crossings. Fatalities may be reclassified upon subsequent reporting. The Federal Railroad Administration collects accident/incident and operational data from railroads.
<b>Trespasser Fatalities Not at Highway-Rail Crossings</b>	NUMERIC	Rail fatalities of persons who are on the part of railroad property used in railroad operation and whose presence is prohibited, forbidden, or unlawful. Fatalities may be reclassified upon subsequent reporting. The Federal Railroad Administration collects accident/incident and operational data from railroads.
<b>Transportation Services Index - Freight</b>	NUMERIC	A monthly measure of the volume of services performed by the for-hire transportation sector. The index covers the activities of for-hire trucking, freight railroad services, inland waterway traffic, pipeline movements, and air freight.
<b>Transportation Services Index - Passenger</b>	NUMERIC	A monthly measure of the volume of services performed by the for-hire transportation sector. The index covers the activities of local mass transit, intercity passenger rail, and passenger air transportation.
<b>Transportation Services Index - Combined</b>	NUMERIC	A monthly measure of the volume of services performed by the for-hire transportation sector. The index covers the activities of for-hire freight carriers and for-hire passenger carriers.
<b>U.S.-Canada Incoming Person Crossings</b>	NUMERIC	Number of personal vehicle passengers, train passengers, bus passengers, and pedestrians entering the United States from Canada. The Bureau of Transportation of Statistics releases incoming border crossing statistics using data collected at ports of entry by U.S. Customs and Border Protection.
<b>U.S.-Canada Incoming Truck Crossings</b>	NUMERIC	Number of trucks entering the United States from Canada. The Bureau of Transportation of Statistics releases incoming border crossing statistics using data collected at ports of entry by U.S. Customs and Border Protection.
<b>U.S.-Mexico Incoming Person Crossings</b>	NUMERIC	Number of personal vehicle passengers, train passengers, bus passengers, and pedestrians entering the United States from Mexico. The Bureau of Transportation of Statistics releases incoming border crossing statistics using data collected at ports of entry by U.S. Customs and Border Protection.
<b>Air Safety - Air Taxi and Commuter Fatalities</b>	NUMERIC	Air taxis include smaller aircraft for commuter and on-demand operations included under FAR Part 135. The National Transportation Safety Board releases aviation fatality data in the Aviation Accident Database.
<b>Heavy truck sales</b>	NUMERIC	Heavy trucks include trucks with more than 14,000 pounds gross vehicle weight. Prior

		to the 2003 Benchmark Revision heavy trucks were more than 10,000 pounds. The U.S. Bureau of Economic Analysis releases auto and truck sales data, which are used in the preparation of estimates of personal consumption expenditures.
<b>U.S.-Mexico Incoming Truck Crossings</b>	NUMERIC	Number of trucks entering the United States from Mexico. The Bureau of Transportation of Statistics releases incoming border crossing statistics using data collected at ports of entry by U.S. Customs and Border Protection.
<b>Light truck sales</b>	NUMERIC	Light trucks include trucks with up to 14,000 pounds gross vehicle weight, including minivans and sport utility vehicles. Prior to the 2003 Benchmark Revision, light trucks were up to 10,000 pounds. The U.S. Bureau of Economic Analysis releases auto and truck sales data, which are used in the preparation of estimates of personal consumption expenditures.
<b>Auto sales</b>	NUMERIC	Autos include all passenger cars, including station wagons. The U.S. Bureau of Economic Analysis releases auto and truck sales data, which are used in the preparation of estimates of personal consumption expenditures.
<b>Air Safety - Air Carrier Fatalities</b>	NUMERIC	Air carriers include scheduled and non-scheduled commercial passenger flights as well as cargo flights under FAR Part 121. The National Transportation Safety Board releases aviation fatality data in the Aviation Accident Database.
<b>U.S. Air Carrier Cargo (millions of revenue ton-miles) - International</b>	NUMERIC	Freight and mail carried by U.S. airlines in all service classes (schedule and nonscheduled) on international flights. A revenue ton-mile is the movement of one ton of revenue cargo carried for one mile. The Bureau of Transportation Statistics air traffic data from U.S. air carriers and international carriers operating within the U.S.
<b>Truck tonnage index</b>	NUMERIC	The Bureau of Transportation Statistics calculates this index based on the American Trucking Association's monthly Truck Tonnage Index.
<b>U.S. Air Carrier Cargo (millions of revenue ton-miles) - Domestic</b>	NUMERIC	Freight and mail carried by U.S. airlines in all service classes (schedule and nonscheduled) on domestic flights. The Bureau of Transportation Statistics collects air traffic data from U.S. air carriers and international carriers operating within the U.S.
<b>Heavy truck sales SAAR (millions)</b>	NUMERIC	Heavy trucks include trucks with more than 14,000 pounds gross vehicle weight. Prior to the 2003 Benchmark Revision heavy trucks were more than 10,000 pounds. The U.S. Bureau of Economic Analysis releases auto and truck sales data, which are used in the preparation of estimates of personal consumption expenditures.
<b>U.S. Airline Traffic - Total - Non Seasonally Adjusted</b>	NUMERIC	The Bureau of Transportation Statistics releases non-seasonally adjusted air traffic data based on monthly reports from

		commercial U.S. air carriers.
<b>Light truck sales SAAR (millions)</b>	NUMERIC	Light trucks include trucks with up to 14,000 pounds gross vehicle weight, including minivans and sport utility vehicles. Prior to the 2003 Benchmark Revision, light trucks were up to 10,000 pounds. The U.S. Bureau of Economic Analysis releases auto and truck sales data, which are used in the preparation of estimates of personal consumption expenditures.
<b>U.S. Airline Traffic - International - Non Seasonally Adjusted</b>	NUMERIC	Total US enplanements to international destinations, adjusted for seasonality
<b>Auto sales SAAR (millions)</b>	NUMERIC	Autos include all passenger cars, including station wagons. The U.S. Bureau of Economic Analysis releases auto and truck sales data, which are used in the preparation of estimates of personal consumption expenditures.
<b>U.S. Airline Traffic - Domestic - Non Seasonally Adjusted</b>	NUMERIC	Total US enplanements to domestic destinations, adjusted for seasonality
<b>Transborder - Total North American Freight</b>	NUMERIC	The Bureau of Transportation Statistics (BTS) TransBorder Freight program provides North American freight data by mode of transportation, commodity type, and geographic detail for U.S. exports to and imports from Canada and Mexico.
<b>Transborder - U.S. - Mexico Freight</b>	NUMERIC	The Bureau of Transportation Statistics (BTS) TransBorder Freight program provides North American freight data by mode of transportation, commodity type, and geographic detail for U.S. exports to and imports from Canada and Mexico.
<b>U.S. marketing air carriers on-time performance (percent)</b>	NUMERIC	Percentage of flights arriving on-time. A flight is on-time if it arrives within 15 minutes of the scheduled arrival time. Data are available for those carriers that had at least 1% of domestic enplanements in the previous year. The last 25 months of data include only carriers that reported in each of the last 25 months to retain comparability. Earlier data includes all reporting carriers. A scheduled operation consists of any nonstop segment of a flight. The Bureau of Transportation Statistics air collects performance data from U.S. air carriers and international carriers operating within the U.S.
<b>Transborder - U.S. - Canada Freight</b>	NUMERIC	The Bureau of Transportation Statistics (BTS) TransBorder Freight program provides North American freight data by mode of transportation, commodity type, and geographic detail for U.S. exports to and imports from Canada and Mexico.
